

<b>Title</b>	<b>Lead in Dust Wipes</b>
<b>Specimen Requirements</b>	<p>See ASTM Practice E1728-10, NIOSH Method 9100, and/or pertinent HUD publications for specific sampling requirements.</p> <p>Samples are accepted ONLY from Divisions of the Indiana State Department of Health, State Government Agencies or from County Health Departments.</p> <p>Questions: Contact Mary Hagerman, mhagerma@isdh.in.gov or 317-921-5553</p>
<b>Sampling Materials</b>	<p>Use ASTM specification 1792 – 03 (Reapproved 2011) for dust wipe sampling media.</p> <p>Submit wipes in hard-walled containers obtained from the Laboratory. Email mhagerma@isdh.in.gov for containers.</p>
<b>Procedural Notes</b>	<p>There are at least five general requirements possessed by a good group of dust wipe samples:</p> <ul style="list-style-type: none"> <li>a. A group of dust wipe samples contains a field blank and dust wipe samples. (A field blank is a dust wipe opened at the sampling location then stored and submitted in the same type container as the dust wipe samples.) ALWAYS submit a field blank with each sample group.</li> <li>b. ALWAYS record the sampled area for each dust wipe sample; either linear dimensions or the calculated area are acceptable.</li> <li>c. Dust wipes should be free from copious amounts of paint chips (as from a deteriorated window trough).</li> <li>d. One sample is one dust wipe: DO NOT composite samples (i.e. submit multiple wipes from the same area in one container).</li> <li>e. Each sample is identified by a number unique to its sample group or location, especially if paint chip or soil samples are submitted also. Simple numbering is best.</li> </ul> <p>Include a completed Dust Wipe Sample Submission Form. Record any deviations from this sampling procedure. Blank forms may be obtained from the Laboratory.</p>
<b>Shipping Instructions</b>	<p>Place container(s) containing sample(s) in an appropriate shipping box or padded envelope. Bring / Ship to:</p> <p>Indiana State Department of Health Laboratories Environmental Lead Laboratory 550 West 16th Street, Suite B Indianapolis, IN 46202-2218</p>
<b>Reporting and TAT</b>	<p>From date of receipt, routine samples will be reported in 10 business days and rush samples will be reported in 4 business days.</p>
